

What Love Means

[Richard Hawley](#)

Well it only goes to show in these windows to the soul
Are all we've got you know and these windows take us home
And it only goes to show what love meansThe least of us collides, from north to south she flies
Child of mine bereft I'll never forget the day you leftWell it only goes to show in these windows to the soul
Are all we've got you know and these windows take us home
And it only goes to show what love meansAnd did we pass the test? We're left the love we're left
Heart of mine made less, I'll never forget the day you left
Well it only goes to show in these windows to the soul
Are all we've got you know, and these windows take us home
And it only goes to show what love means
And it's all we've got you know what love means.
