

Don't Even Try (Acoustic)

[Bryan Adams](#)

It's alright tonight, what can you do?
It's alright tonight, she is over you You took the love she gave and then you
Threw it all away
No time for goodbye
So don't even try
Don't even try It's too late for love, what can you say?
It's too late for love, she's gone away
You're searching for an answer
There's no need to wonder why You made her cry
So don't even try
Don't even try You could call her up again, so another day
But she'll never let you in, just walk away It's alright tonight, just let it be
It's alright tonight, now she is with me
You know you can't go on pretending
It's time to read the lies, you told her lies So don't even try
Don't even try
Don't even try
Don't even try
