

Man vs. Man

Dehumanized

Behind your lies
Expose your true motive
Deception and your bullshit
Pushed me to my limit
Driven by the ungodly
Force of our nature
To kill, destroy, and render you helpless
Uprising
It's time to awaken the masses
We need an uprising

We will not be forced to accept unjust ways
To be martyrs in a war
The innocent didn't create
We will not be forced to accept unjust ways
To be martyrs in a war
The innocent didn't create

Behind your lies
Expose your true motive
Deception and your bullshit
Pushed me to my limit
Driven by the ungodly
Force of our nature
To kill, destroy, and render you helpless

Solo: Tavora
Solo: Nagasawa

We will not fall
We will be heard
We will not fall
