Wings

Cimorelli

I can be so negative,
Sometimes,
My own worst enemy,
Sometimes,
Even at my lowest low,
You still had hope,
When I wanna quit,
You won't let me,
When I'm falling down,
You gon' catch me,
You pick me up,
Yeah you fix me up,
Now I'm on my way
And I'm strong enough to say,
You give me wings,
and taught me to fly,
When I was out there on my own,
You give me wings,
And brought me to life,
And now I need to know,
If you wanna fly,
Cause I wanna fly yeah,
Tell me your down,
For touching the sky yeah,
You and me,
Me and you,
The higher the better,
When we fly we fly together,
Together, together, together, together, together
When we fly we fly together,
I felt like a prisoner,
Locked up,
The only key to set me free,
Was your love,
You went and took a chance on me,
Without a reason to believe,
When I wanna quit,
You won't let me
When I'm falling down,

You gon' catch me,
You pick me up,
Yeah you fix me up,
Now I'm on my way,
And I'm strong enough to say,
You give me wings,

and taught me to fly,
When I was out there on my own,
You give me wings,
And brought me to life,
And now I need to know,
If you wanna fly,
Cause I wanna fly yeah,
Tell me your down,
For touching the sky yeah,
You and me,
Me and you,
The higher the better,
When we fly we fly together,
Together, together, together, together, together
When we fly we fly together,
I can be so negative,
Sometimes,
My own worst enemy,
Sometimes,
Even at my lowest low,
You still had hope,
When I wanna quit,
You won't let me
When I'm falling down,
You gon' catch me,
You pick me up,
Yeah you fix me up,
Now I'm on my way,
And I'm strong enough to say,
You give me wings,
and taught me to fly,
When I was out there on my own,
You give me wings,
And brought me to life,
And now I need to know,
If you wanna fly,
Cause I wanna fly yeah,
Tell me your down,

For touching the sky yeah,
You and me,
Me and you,
The higher the better,
When we fly we fly together,
Together, together, together, together, together
When we fly we fly together,
Together, together, together, together, forever,
When we fly we fly together,
