Swarm of Terror

Immolation

Call us the Devil
But its you who holds the darkest heart
Call the weak to arms
Savage words to your savage worldAbusing control
Menacing allCall yourself the victim
But its you who walks the vicious path
Call them to the mayhem
For you they'll lay down with the deadRabid conviction
Uphold the threatA swarm of terror
Across the land
Spreading sickness to curse the worldPunishing judgment
Will bring the end
Cast the nightmare to take down mankindA swarm of terror
Across the land
Spreading sickness to curse the world
