

# Swarm of Terror

## Immolation

Call us the Devil  
But its you who holds the darkest heart  
Call the weak to arms  
Savage words to your savage worldAbusing control  
Menacing allCall yourself the victim  
But its you who walks the vicious path  
Call them to the mayhem  
For you they'll lay down with the deadRabid conviction  
Uphold the threatA swarm of terror  
Across the land  
Spreading sickness to curse the worldPunishing judgment  
Will bring the end  
Cast the nightmare to take down mankindA swarm of terror  
Across the land  
Spreading sickness to curse the world
