Trapped In the New Scene

Octoberman

She was thrown from her throne
And landed alone
In garbage bag trees
Feeling so used
She opened some books
Her foundations shook
All that it took
To feelings so usedFathers conspire
To hang us from wires
Keep swingin' higher
From garbage bag trees
You're groundin' me now
Sweat in my brow
Eye your own prize
Quit feelin' so vagueI've been so lonesome
With you my darling
I've been so lonesome, she said
Trapped in the new scene
I've been so lonesome
With you my darling
I've been so lonesome, she said
I've been so lonesome, she said
Trapped in the new scene
