## Tyler Ward

Seven days old in the ICU tonight  
Little baby boy, they don't wanna have to say goodbye  
Your mother's on the phone, your father's in the hall  
Praying God save his life  
He sees you, He's near you  
He knows your face, He knows your pain  
He sees you and He loves you  
He knows your name, He knows your name  
Four doors down there's a man who just won't wake up  
He crashed so hard and the doctors wanna pull the plug  
Your wife is by your side, saying not tonight  
Praying God'll just show up  
He sees you, He's near you

He knows your face, He knows your pain  
He sees you and He loves you  
He knows your name, He knows your name  
Maybe you're alone in the corner of an empty house  
Or maybe you're the one no one notices in the crowd  
He sees you, He's near you  
He knows your face, He knows your pain  
He sees you and He loves you  
He knows your name, He knows your name  
He knows your name  
He knows your name
