

Where You Belong

The Summer Obsession

[illegible]

Donâ€™t say another word
My finger to your lips
And pressed
God is not watching us
We can do whatever we want
So letâ€™s
So letâ€™s

It's been so long, so long
It's been so long, so long
Stop your resistance
This is where you belong
Woah, woah, this is where you belong
Woah, woah, this is where you belong

Itâ€™s been so long, so long
Itâ€™s been so long, itâ€™s been so long
Stop your resistance
This is where you belong
Woah, woah, this is where you belong
Woah, woah, this is where you belong
Woah, woah, stop your resistance
this is where you belong

[illegible]

(This is where you belong)
