

Identify

The Metabolists

Some things are out of my hands,
I'm what time and consequence have made me
Sit back and watch the world explode,
Three, two, one here come the fireworks, baby
Some times you can feel so smart,
just like a ghost in school clothes
But my days, although mostly hazy,
Three, two, one here comes the hurricane baby
Yeah, identify, identify,
Yeah, identify, identify
Don't stand in line, identify
Yeah, I bought the last plane ticket to the end of the world
Who ever says 'the good die young'?
All the boys are alive, all the boys are with girls,
Time to give 'em what they're waiting for
If the drugs don't work,
then you probably need more
If the drugs don't work,
then you probably need more
Time to give 'em what they're waiting for
Yeah, identify, identify
Yeah, identify, identify
Don't stand in line, no don't stand in line
Identify, identify
Some things are out of my hands
