Matter of Time

Los Lobos

Speak softly, don't wake the baby
Come and hold me once more
Before I have to leave
Because there's a lot of work out there
Everything will be fine
And I'll send for you baby
Just a matter of timeOur life, the only thing we know
Come and tell me once more
Before you have to go
That's there's a better world out there
Though it don't feel right
Will it be like I hope
Just a matter of timeAnd I hope it's all it seems
Not another empty dream
There's a time for you and me
In a place living happilyAnd I hope it's all it seems
Not another empty dream
There's a time for you and me
In a place living happily
