

Lost (HONNE Remix)

The Temper Trap

Fade away, let's get lost
You don't have to worry, baby
Let's get lost
Slip away, it's just us
You don't have to worry, baby
Let's get lost And when the well is drying up
To the bones, to the very last drop
There's no one left, that's on our side Nothing in the world can tear us apart
Nothing in the world can tear us apart
When it all comes crashing down
And our lives are buried underground
Still nothing in the world can tear us apart Break away, let's get lost
Something's in me calling lately
I hear it loud
So give tonight one more try
Because nothing lasts forever, baby
So let's get lost And when the streets are emptied out
We lose our way walking into the dark
The cross we bear is all we've got Nothing in the world can tear us apart
Nothing in the world can tear us apart
When it all comes crashing down
And our lives are buried underground
Still nothing in the world can tear us apart Times can get lonely
Out in the cold
As long as you're near me
I need you to know Tear us apart, tear us apart
Nothing in the world can tear us apart
Nothing in the world can tear us apart
When it all comes crashing down
And our lives are buried underground
Still nothing in the world can tear us apart Fade away, let's get lost
You don't have to worry, baby
Let's get lost
Let's get lost
