

# Rooting for My Baby

Miley Cyrus

When you wake in the morning and I can tell it's not your best side

No good morning today

I stay to the right if I know you're mad and on the left side

Stay out of your way Just hold on

In a minute it'll be over and gone

Gone, gone, gone, gone I know, I know

That you go through a lot

I know, I know

That the pressure makes you hot

See I know, I know

'Cause you still know what you got

I know, I know, yeah

Ooh, ooh

I'm rootin' for my baby

Ooh, ooh

Yeah If you were here

I'd get you a beer and I would hang your coat

You wanna behold

So you roll up your sleeves and you sweat and breathe

This is a long road, so much more to go Just hold on

In a minute it'll be over and gone

Gone, gone, gone, gone I know, I know

That you go through a lot

I know, I know

That the pressure makes you hot

See I know, I know

'Cause you still know what you got

I know, I know, yeah

Ooh, ooh

I'm rootin' for my baby

Ooh, ooh

Yeah See I've been dreamcatchin'

I caught that this is everlasting

Life filled with you, me, love and laughter

Happily ever after So hold on

In a minute it'll be over and gone

Gone, gone, gone, gone I know, I know

That you go through a lot

I know, I know

That the pressure makes you hot  
See I know, I know  
'Cause you still know what you got  
I know, I know, yeahOoh, ooh  
I'm rootin' for my baby  
Ooh, ooh  
YeahI'm rootin' for you, baby  
Yeah  
I'm rootin' for my baby  
Yeah  
But you go through a lot  
The pressure makes you hot  
You still know what you got  
Yeah
