Queen Of The Scene

Hot Chelle Rae

She's sophisticated or so she seems
This place is overrated but it's the place to be
She never comes alone and everyone's her friend
Her home away from homeWell, she thinks she's looking classy
But it's easy to see thatShe shines like a diamond, thinks she's a queen
When she's hanging on the shoulders of cocaine kings
She's got a lot of daddy's money and a line on the sink
So she thinks she's the queen of the sceneShe's in the VIP, the envy of their fans
Thinks she's the city's elite because she's up with the band
She's high atop her throne with the crown in hand
Well, she can't feel her pretty faceShe's looking down upon you
But the bitch can barely standShe shines like a diamond, thinks she's a queen
When she's hanging on the shoulders of cocaine kings
She's got a lot of daddy's money and a line on the sink
So she thinks she's the queen of theThe train wrecks, it's off track
Nose bleeds, she's smashed
She can't see where she's at
It doesn't really matters 'cause she never looks backShe shines like a diamond, thinks she's a queen
When she's hanging on the shoulders of cocaine kings
She's got a lot of daddy's money and a line on the sink
So she thinks she's the queen of the scene
She's the queen of the scene
