

It's A Wake Up Call

Triple Image

Do u know where your going to?
Do you like the things that life is showing you?
Where are you going to?

From my mind's view
I c a worlds that's trying
To figure out peace in the midst of crying
It's a wake up call we gotta stand up tall
Cuz times are always changing, gotta keep moving on
We need to stick together to come up strong
In a world of hate, gotta learn to appreciate
Do u know?

[chorus]

Do you know where you're going to?
Do you like the things that life is showing you?
(do you know, do you know where you're going to?)
(do ya like what life is showing you?)
Where are you going to?
Do you know where you are going to?
Do you like the things that life is showing you?
(do you know, do you know where you're going to?)
(do ya like what life is showing you?)
Where are you going to?

As time keeps tickin' use ur eyes to seewhat's really going on with society
It's not a fantasy, this is reality
Cuz u never really know what's gonna come our way
So you gotta be ready and live for today
It's time to be strong, we gotta all get along
Do you know?

[chorus repeat]

Where are you going to?
Do you know?
