

# Long Ago

Hawk Nelson

Can we get back to the basics?  
Back where we came from?  
When we didn't have no worries  
We were basking in the sun Sometimes the least of my problems  
Feel like the biggest ones  
When you said that you were leaving  
Felt like we had just begun It would be so easy, oh, if it was that easy  
I can't sleep tonight so tell me one more time  
When I dream, it will be you that's on my mind  
It's my heart you hold, so never let it go  
I still love you like I loved you long ago  
I still love you like I loved you long ago Saw you out on the freeway  
And later at the show  
It could be my imagination  
But I know I'm not alone All the lights in the city  
Are burning out with time  
But there's a light that hangs above  
And it's keeping us in line It would be so easy, oh, if it was that easy  
I can't sleep tonight so tell me one more time  
When I dream, it will be you that's on my mind  
It is my heart you hold, so never let it go  
I still love you like I loved you long ago  
I still love you like I loved you long ago All this time that's running by  
Won't stop until we stand still  
'Cause we are incomplete  
Until we finally breathe I can't sleep tonight so tell me one more time  
When I dream, it will be you that's on my mind  
And it's my heart you hold, so never let it go  
I still love you like I loved you long ago  
I still love you like I loved you long ago Let's take a look at the future  
And see where we left off  
I'm so grateful that I found you  
'Cause without you I am lost
