

Your Love Weighs a Tonne

Nostalgia 77

Your love weighs a tone
It's too heavy for me
And I've been carrying on another day
Your love weighs a tone. Your love weighs a tone
You told me stories of a time before
Before I knew what loves was for
Uh, before . opened up the door
And I intend and more.
Your love weighs a tone
Your love weighs a tone
Your love weighs a tone
Please, please on keep on holding on
I wanna drop this weight before long
Won't you help me make...
I wanna drop this weight before long
Help me! Won't you help me make...
I don't wanna lose this feeling, oh no
Won't you help me to get straight
You gotta help me to carry this weight.
Keep on holding on
I wanna drop this weight before long
Keep on holding on
I wanna drop this weight before long
Before long, oh!
Your love weighs a tone
Your love weighs a tone
