

Shape Shifter

Lera Lynn

Shape shifter
Let me catch a glimpse
You've got life, love
To push against Oh-ohhh
Keep speaking
I'm a swirl of love
The funnel of desire
Suckin' at your dust Shape shifter so no one knows (how to get you on the line, yeah)
Resistor of the easy road (keeps them hanging on your ride, yeah)
You make me wanna hurt you, hurt you, hurt you babe
So I can be the one to shift your shape
Write your name all over my skin
Carve out each letter, then color them in Oh oh oooh
Shape shifter
Whisper in my ear
Let me feel your breath and
Let me hear Shape shifter so no one knows (how to get you on the line, yeah)
Resistor of the easy road (keeps them hanging on your ride, yeah)
You make me wanna hurt you, hurt you, hurt you babe
So I can be the one to shift your shape Shape shifter so no one knows (how to get you on the line, yeah)
Resistor of the easy road (keeps them hanging on your ride, yeah)
You make me wanna hurt you, hurt you, hurt you babe
So I can be the one to shift your shape
Shape shifter so no one knows (how to get you on the line, yeah)
Resistor of the easy road (keeps them hanging on your ride, yeah)
You make me wanna hurt you, hurt you, hurt you babe
So I can be the one to shift your shape
