Let's say Goodnight

Los Lobos

If I say yes, I'm sure you'll say no
If I say stop darling I know you'll say go
What seems to be the problem here is you and me
'Cause we just can't agree
So let's say goodnight and go homeYou're always right and I have never been wrong
The way we are it's getting harder to hang on
But who's to blame, when two things are never the same
It's not people that change
It's maybe living from day to dayWhat can I say? The Lord just made us this way
What can I do? You know what I've been through
It's just this world, makes it hard for a guy and girl
But we could give it a whirl
So let's say goodnight and go home
