

Wild and Wasted

Blondfire

Looking for the words
I've got everybody asking me why
Hitting all the notes
I been teaching all the birds to fly I keep cutting it, cutting it close

No worries
We'll keep going until we're a ghost
No hurry No matter
Whatever
Let's get lost
Together We'll stay here
Forever

So wild and wasted No matter
Whatever
We'll live for
The pleasure
Forever and ever

So wild and wasted Reaching for the stars

Blowing up like the Fourth of July (I can't believe that I promised you the sun) No matter where you go
You'll be down turn it into a hat (?) (I can't believe I was always born to run) I keep cutting it, cutting it close

No worries
We'll keep going until we're a ghost
No hurry No matter
Whatever
Let's get lost
Together

Let's stay here forever
So wild and wasted No matter
Whatever
We'll live for
The pleasure
Forever and ever

So wild and wasted Shut down
Falling from a cloud
There's no net to save you now
Always drowning
In your doubt
Get up, get up, get up, get up! Shut down
Falling from a cloud
Only love can save you now

When you're down and
When you're out
Get up, get up, get up, get up, get up! No matter
Whatever
Let's get lost together
Let's stay here
Forever
So wild and wasted No matter
Whatever
We'll live for the pleasure
Forever and ever
So wild and wasted... Na na na, na na na, na na na...
