Ship In the Sand

Marble Sounds

Woke up this morning, thought
Gotta change my life
I'm like a ship in the sand
Just waiting for to tide, I got
lot of reasons, glad to be alive
But always waking up alone
Just makes me wanna die
I may be lonely, But I'm not stupid
I try to live with my mistakes
so I stay awake to ease all pain
but I've never been good at playing that game
no I've never been very good at anything
Forget the past it's just an ugly backdrop
that stains everything we try to believe in
and accept the things that failed love brings
and don't project it on to anyone else
and don't project it on to anyone else
