Friday Nite

House of Heroes

It's Friday night, you want to hang out with your friends

'Cause you've had it up to here

School just started and you wonder to yourself

"Where did my summer go?"But it will be all right tonight, it's Friday night

Let's go, let's all have some fun tonight

All right, here we go, here we go tonightIt's Monday again and it feels like it never ends

Where did your life go? Did you forget what it was like?

This week is way too slow, it'll never end, when will it go?You've made it through the week and now you feel just fine

There'll be no nervous breakdown tonightIt's Friday night, let's go

Let's all have some fun tonight

All right, here we go, here we go tonightIt doesn't matter where we go or what we do

Let's just do it now, go to the Gas N Sip

And hang out there all night, it'll be all right
