

# Go For It (2002 Remastered Version)

## Stiff Little Fingers

You got to pass the bowl and make the food go round  
'Cos that's the only way to trample crime to the ground  
Equal rights and justice for one and all  
'Cos only through liberty freedom shall form  
Don't fight against no color, class  
Nor creed for on discrimination  
Does violence breed  
We are all in a one and one in all  
So throw away the guns and the war's all gone  
Throw away the hunger and the war's all gone  
Throw away the fighting and the war's all gone  
Throw away the guns and the war's all gone  
Throw away the hunger and the war's all gone  
Throw away the fighting and the war's all gone  
Throw away the grudges and the war's all gone
