Scream

The Design

1, 2, 3, 4!Tonight we're gonna have a good time
Tonight we're gonna have a ball
We're here to lower inhibitions
Tonight you're gonna get it allWe have no troubles here
Come a little closer
We love to have you near
Put your hands in the air
We're so excited
And we'll take you there
Let me hear you scream!Tonight we're gonna play our hearts out
Tonight we're gonna get you laid
Confuse your sexual orientation
Tonight we'll lead the paradeWe have no troubles here
We're only getting started
So grab another beer
Put your drinks in the air
We're getting shit-faced and we don't care
Let me hear you scream!Tonight we're gonna have a good time
Tonight we're gonna have a ball
We really want to get to know you
Tonight you're gonna get it allWe have no troubles here
Come a little closer
We love to have you near
Put your hands in the air
We're so excited
And we'll take you there
Let me hear you scream!
