

It Is.

JMSN

There's just something about the way
I could die for love and be satisfied
It would be worth my whole entire life
I would dedicate and sacrifice
Cause what is time? What is time
When I'm so in love with you?
I'm so in love with you
Yeah I'm so in love

So

I wonder what do you want from me
Say what do you want from me
Cause I gave in you everything that I had
No I don't think about the past
Past is gone
I gotta carry on
