Steal This Record

The Business

You got no money and your feeling down
Can`t find it when you want it around
you see that record and you want it so much
I`ll think I`ll take it and try my luckI`m in Tanng and I don`t think they noticed
I`m out of the door and on my toes
I hear a scream but they won`t catch me
I`m a punk and this is anarchyDon`t buy it, don`t buy it
don`t buy it - Steal this recordI download records off the internet
I havn`t paid for a record yet
I tape `em and give them to my friends
keep ahead of the latest trends
