Garden

MONORAL

Come and take me I know your name
It's been the same, insane
I'll wave to you goodbye
Come and save me I know your name
It's been the same a game
I'll play with you somehowThe answer to
The answer to my lonely questionsHow?Now kill
This nothingness you've left me
Here, I'll close my eyes
And the emptyness is still
With me and you
Kill
This nothingness you've left me
Here, I close my eyes
And the emptyness is all
I feel and know
Come and take me I know your name
It's been the same, insane
I'll wave to you goodbye
The answer to
The answer to my lonely questions
Now kill
This nothingness you've left me
Here, I'll close my eyes
And the emptyness is still
With me and you
Kill
This nothingness you've left me
Here, I close my eyes
And the emptyness is all
I feel and know
Kill
This nothingness you've left me
Here, I close my eyes
And the emptyness is still
With me and you
