

Garden

MONORAL

Come and take me I know your name
It's been the same, insane
I'll wave to you goodbye
Come and save me I know your name
It's been the same a game
I'll play with you somehow The answer to
The answer to my lonely questions How? Now kill
This nothingness you've left me
Here, I'll close my eyes
And the emptiness is still
With me and you
Kill
This nothingness you've left me
Here, I close my eyes
And the emptiness is all
I feel and know
Come and take me I know your name
It's been the same, insane
I'll wave to you goodbye
The answer to
The answer to my lonely questions
Now kill
This nothingness you've left me
Here, I'll close my eyes
And the emptiness is still
With me and you
Kill
This nothingness you've left me
Here, I close my eyes
And the emptiness is all
I feel and know
Kill
This nothingness you've left me
Here, I close my eyes
And the emptiness is still
With me and you
