

# Wait for the Morning

[Amy Stroup](#)

Don't go back on your default baby,  
I know it hurts,  
I can see how hard youâ€™re trying  
Don't let go now  
Wait for the morning,  
Wait for the morning dawn.

Write me a letter pen and paper,  
I'll hear you out,  
Whisper quiet tell me try me,  
I'm with you love,  
Wait for the morning dawn..

---
