

Mannequin (CLOSE Remix)

When Saints Go Machine

You know who you are,
. cross by the exit
Leave us, leave us
the rats come out!
Drive on, drive on, kicking
You're younger than...
Rain come, rain come and...
you're pleased, you're pleased to sail

Chorus:

Little mannequin, I'll leave if you let me
Hold on that hand, cover your lips, it's cold out here
Little mannequin, it's a hustle to ...
Legs out of pause wet from raining second
You're the key to, the key to grown up doubts
Roses put light on the living
Grow bitter, grow bitter from grace

Chorus:

Little mannequin, I'll leave if you let me
Hold on that hand, cover your lips, it's cold out here
Little mannequin, it's a hustle to ...
Speak where we park yet born and raised for tropic
Little mannequin, little mannequin
