Slow an' Easy

m3

You keep on pushing, babe,
Like I've never known before
You know you drive me crazy, child,
An' I just want to see you on the floor
I want to superstitious woman
She got a superstitious mindI can't see you, baby
I can't see you anymore, no more
You keep on loving me
Like I've never known before
I want to superstitious woman
With a superstitious, a superstitious mind, an' I don't mind, babyMy heart is beating faster, babe
It's beating like a big bass drum
You know you got me speeding, child
Faster than a bullet from a gun
You're a superstitious woman
An' I got a superstitious mind, an' I don't careSo take me down slow an' easy,
Make love to me slow an' easy
I know that hard luck an' trouble
Is coming my way,
So rock me 'til I'm burned to the bone,
Rock me 'til I'm burned to the boneI don't care about, oh
I don't care about love, no more
The way you keep abusing me
Oh, I can't take no more
I want a woman
She got a superstitious mindSo take me down slow an' easy,
Make love to me slow an' easy
I know that hard luck an' trouble
Is coming my way,
So rock me 'til I'm burned to the bone,
Rock me 'til I'm burned to the bone,
Rock me 'til I'm burnedSo take me down slow an' easy
Make love to me slow an' easy
Take me down slow an' easy,
Rock me 'til I'm burned to the boneTake me down slow an' easy,
Make love to me slow an' easy
I know that hard luck an' trouble
Is coming my way
So rock me 'til I'm burned to the boneSo take me down slow an' easy

Make love to me slow an' easy
I know that hard luck an' trouble
Is coming my way
So rock me 'til I'm burned to the bone
Rock me 'til I'm burned to the bone
Rock me 'til I'm burned
To the bone
