Make It Right

Mexico 70

They say you know when you really find the one
But it's hard to tell with the damage that's been done
But I'd like to say that it's your fault but I know better
Cause I'm a fool to think you wait around forever
Maybe I could have loved you
Maybe i could have shown
That I still do care about you more than you could know
Don't say it's too late to try
To make it right
So make it right
I didn't know how good you were for me
Now it's clear I'm seeing all that we could be
And I know that it's my fault
But I'm gonna treat you better
Cause if had one wish you'd be with me forever
Maybe I could have loved you
Maybe i could have shown
That I still do care about you more than you could know

Don't say it's too late to try
To make it right
Is there something I could say
Show me how to break it down
So before you walk away
Take the time to turn around
Listen to me now
Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try
Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try
To make it right
To make it right
Make it right
Gonna make it right
