

Devil Inside

A-Town Mob

Everybody wants me to be their angel
Everybody wants something they can cradle
Oh, they don't know I burn, they don't know I burn
They don't know I burn, they don't know I burn
 Maybe there's a devil
 Or something like it inside
 Maybe there's a devil
 Or something like it inside of me
 Devil or something like it inside
 Maybe there's a devil
 Somewhere really deep inside me
 Devil inside of me
 Jealous angel deep inside me
You don't know 'cuz you're too busy reading labels
You're missing all the action underneath my table
 I'm waiting for my turn, waiting for my turn
Just waiting for my turn, just waiting for my turn
 Maybe there's a devil

 Or something like it inside
 Maybe there's a devil
 Or something like it inside of me
 Devil or something like it inside
 Maybe there's a devil
 Somewhere really deep inside me
 Devil inside of me
 Jealous angel deep inside me
Time to make it burn, this is how I burn
 Maybe there's a devil
 Or something like it inside
 Maybe there's a devil
 Or something like it inside of me
 Devil or something like it inside
 Maybe there's a devil
 Somewhere really deep inside me
 Devil inside of me
 Jealous angel deep inside me
