

# Smells Like a Freakshow (Radio Edit)

## Avatar

Smells like a freakshow  
Right where I want to be  
Come taste the dirt  
The dirt, the dirt  
I  
I smell a freak show  
There's something wrong with me  
Want it to hurt  
It hurts, it hurts  
I need something to sedate me  
But I can't afford the high  
Give me something  
To help me escape  
Smells like a freakshow  
God in a casket  
Gone for eternities  
We've got no rules  
No rules, no rules  
I  
God in a casket  
Lost all authority  
Come watch the fools  
The fools, the fools  
I
