Don't Waste Your Time

SWV

Don't waste your time, you should be mine
Come get to know my love, my love
Don't look no more, you can be sure
Come get to know my loveBaby can you tell me what it takes
To get to know your love
I want you to love me in every way
I got what you're waiting forDon't waste your time, you should be mine
Come get to know my love, my love
Don't look no more, you can be sure
Come get to know my loveHere in my arms is where you should be
No need to be alone
I can fulfill your fantasy
Give all your lovin' to meIf time is what this is all about
Then I'm sure we can work it out
Please just listen to me
I know I can make you happyDon't waste your time, you should be mine
Come get to know my love, my love
Don't look no more, you can be sure
Come get to know my loveDon't waste your time, you should be mine
Come get to know my love, my love
Don't look no more, you can be sure
Come get to know my loveDon't waste your time, you should be mine
Come get to know my love, my love
Don't look no more, you can be sure
Come get to know my love
