

The Handshake

Bad Religion

Every time you shake someone's hand

And it feels like your best friend

Could it be that it's only superficiality?

Without regard to well being without an inkling of compromise

Handshakes are nothing but a subtle fuck you

And contracts determine the best friendshipsThis is the way of the modern world

Everyone's vying for patronage

This is the way of the modern world

And something has gotta giveEvery time you shake someone's hand

And you share neither color or creed

You gotta overcome the obstacles of history

There is restrained passion mistrust and bigotry

And these have created the new foundations of society

There's no harmony just class and raceThis is the way of the modern world

Everyone's fighting for dominance

This is the way of the modern world

And something has gotta giveNow I believe in unity

And I am willing to compromise

But I'm not gonna lie or sell my soulEvery time you shake someone's hand

It determines where you stand

And if you won't uphold your side then it's better toFend for yourself, fend for yourself, fend for yourself

And shun the handshake

Fend for yourself, fend for yourself, fend for yourself

And shun the handshake

Fend for yourself, fend for yourself, fend for yourself

And shun the handshakeSomeone's gotta give
