

Good Karma

Roxette

Since you're all on a ship
With the wind, and the sun
Here it goes, just one night
'Cause you're not really sure
If you want to be alone Come on and check
Check it, come on over
There is something going on
Good karma
Come on and check
Check it, come on over
You've got something going on
Good karma Since you're all in a room
On a kingsize bed, on your own
Oh, hold in close just for one night
'Cause you're not really sure
If you want me alone Come on and check
Check it, come on over
There is something going on
Good karma
Come on and check
Check it, come on over
You've got something going on
Good karma Come on and check
Check it, come on over
There is something going on Since life was train passing by
But your heart is heaven on fire
Just when you thought you'd die here,
You came up bright and so alive Come on and check,
Check it, come on over
There is something going on
Good karma
Come on and check
Check it, come on over
You've got something going on
Good karma Come on and check
Check it, come on over
There is something going on
Good karma
Come on and check

Check it, come on over
You've got something going on
Good karmaCome on and check
Check it, come on over
There is something going on
Good karma
Come on and check
Check it, come on over
You've got something going on
Good karma
