

# Walking Away a Winner

Kathy Mattea

Many times love is on the table an' the stakes are high  
And I thought this was love so I laid it all on the line

You nearly took everything I have  
Never knew I could hurt so bad

But at least I left with every piece of this heart of mineI'm walkin' away a winner, walkin' away from a losin'  
game

With my pride intact and my vision back I can say  
Know where I'm going' and I know I'll be alright

I'm walkin' away a winner, walkin' back into my lifeIt was a hard way to go when I didn't know when to leave  
And if you knew all along, baby, you weren't tellin' me

Now I know when I could live or die  
I'm headed down the right road now

Still believin' in a way that a real love is meant to beI'm walkin' away a winner, walkin' away from a losin'  
game

With my pride intact and my vision back I can say  
Know where I'm goin' and I know I'll be alright

I'm walkin' away a winner, walkin' back into my lifeI'm walkin' away a winner, walkin' away from a losin'  
game

With my pride intact and my vision back I can say  
Know where I'm goin' and I know I'll be alright

I'm walkin' away a winner, walkin' back into my lifeWalking back into my life

(Walking away a winner)

Walking back into my life

(Walking away a winner)
