

Good Cop Bad Cop (LP Version)

Everything But the Girl

I don't want to feel this way
I don't want to feel this way I don't want to feel this way
Won't somebody take away this feeling
I'm looking at an open sky, it's not my roof, it's got no ceiling It's wrong to feel this way, I know it's wrong, I
know it's bad
To only see what isn't there to want and want you never had
But you know there's more to me now, don't you?
You always conquer for me, won't you, won't you? And it's used to look half full now some days it looks half
empty
And some days it feels like nothing that always use to feel like plenty But it's wrong to feel this way, I know it's
wrong, I know it's bad
To only see what isn't there to want and want you never had
But you know there's more to me now, don't you?
You always conquer for me, won't you, won't you? I don't want to feel this way
Won't somebody take away this feeling
You played good cop, I played bad cop
Still my roof has got no ceiling, still my roof has got no ceiling I don't want to feel this way
I don't want to feel this way
I don't want to feel this way
I don't want to feel this way
