

It's Valentine's Day

Merrell Twins

It's Valentine's Day

Merrell twins:

It's Valentines Day

A day to be happy, when you have a bae

It's Valentine's Day

A day to remind you that you have no bae

I'll eat a lot of chocolate

I didn't get chocolate

All these roses smell very nice.

It's Valentines day

And I really really love/hate this day.

I've got a date with someone that I love

I've got some dates you know the kind of nut.

I think that's a fruit.

I have a red dress that I'm going to wear tonight.

I'm going to wear a T-shirt and sweats tonight... And watch Netflix all by myself.

Today's a crappy/happy day.

It's Valentines Day

A day to be happy, when you have a bae

It's Valentine's Day

A day to remind you that you have no bae.

Do you want some chocolate

No, it'll give me acne!

All these roses smell very nice.

It's Valentines day

And I really really love/hate this day

My valentine got me a big giant teddy bear

Well, this is my dog and he looks like a teddy bear. Kinda, not really.

My valentine also gave me a lovely ring.

Oh, good for you, I still didn't get anything! I still have nothing!

Today's a crappy/happy day.

It's Valentines Day

A day to be happy, when you have a bae

It's Valentine's Day
A day to remind you that you have no bae.

I ate all of my chocolate
I bought myself some chocolate
All these roses smell very nice
It's Valentine's Day.
And I really really love/hate this day.

Valentine's Day is a dream come true..
At least I get to spend this day with you!
Umm, No I told you I was going on a date tonight,
Were you not paying attention to this song??
I-I was, but... OK what are you going to get your Valentine?
Uhh, .. Oh no!

It's Valentine's Day..
Now I have to get something for my bae
It's Valentine's Day
I still have money, cause I have no bae.
Should I buy him chocolate?
He just bought you chocolate
How about this sweater?
You can do much better
Now I'm starting to stress out..

Because it's Valentine's Day..
And I have to get something for my...
I don't have to worry about a...
bae!
