Live Fast, Die Beautiful

Escape The Fate

She flicks lit cigarettes,
burning holes in her clothes,
just like some fucked up version of Marylyn Monroe.
Did daddy not love you? Did mommy not care enough?
Thereâ€™s a million stories most are untrue,
sheâ€™s says the name of my band is her next tattoo.

Live fast, die beautiful!

Turn and walk away I know all your games,
just give it up cause your time is over.
Threw it all away just to make a name,
girl your gettin nowhere,
tryin to use my fame!.

Sheâ€™s got those Hollywood dreams,
but these streets are tough,
she is the queen of obscene,
everything is never enough.
God you disgust me, with your sad pathetic ways,
I must be dreaming,
cause everything I see here is fake.

Live fast, die beautiful!.

Turn and walk away I know all your games,
just give it up cause your time is over.
Threw it all away just to make a name,
girl your gettin nowhere,
tryin to use my fame!.

Solo

yeah!

tryin to use my fame.(x2)

If you can roll the dice,
baby donâ€™t think twice,

itâ€™s only rock nâ€™ roll,

live fast and die beautiful.

(Caleb Shomo)

Turn and walk away I know all your games,
just give it up cause your time is over.
Threw it all away just to make a name,
girl your gettin nowhere,
tryin to use my fame!. (x2)

tryin to use my fame! (x2)
