

# Louder

## Britny Fox

CD's on ten  
Ooh, you gotta drink a lot  
Push you to the edge  
If you wanna think a lot Skirts hiked high  
Don't you know the perfect scenery  
Tonight make me everything I wanna be  
Feel the electricity Louder 'coz you like it  
Louder 'coz you need it  
Louder, only way to feel the same as me  
Louder 'coz you like it  
Louder 'coz you need it  
Louder, give it up for me Cutting into you  
Take the knife willingly  
Volume right through you  
Other spaces no one sees Legs so right  
First prize in my gallery  
Tonight make me everything I wanna be  
Feel the sexuality Louder 'coz you like it  
Louder 'coz you need it  
Louder, only way to feel the same as me  
Louder 'coz you like it  
Louder 'coz you need it  
Louder, give it up until you see what I see Louder 'coz you like it  
Louder 'coz you need it  
Louder, only way to feel the same as me  
Louder 'coz you like it  
Louder 'coz you need it  
Louder, give it up for me She come a running  
She's such a using machine  
She's got it coming  
She's got it coming all the way for me Louder 'coz you like it  
Louder 'coz you need it  
Louder, only way to feel the same as me  
Louder 'coz you like it  
Louder 'coz you need it  
Louder, give it up until you see what I see Louder 'coz you like it  
Louder 'coz you need it  
Louder, only way to feel the same as me  
Louder 'coz you like it

Louder 'coz you need it  
Louder, give it up until you see what I see
