# Light Reflected

## Iona

I see light reflected
I see light reflected
I see light reflected
In the glow of springtime sunIn the smile of wonder
There is truth and there is peace
Reaching to me from heaven
As we walk across this hillWe're in orbit
Spinning 'round the sun
Around the sun
Around the sunLight of light eternal
Light my way for me
Light of light eternal
Light my way for meGazing through a veil of tears
Blurring the starlight glow
Holding my hands up to the sky
Saying my silent prayerAs I walk into the night
I see light reflected from the sun
