

Something In The Air (American Psycho Remix)

David Bowie

Your coat and hat are gone
I've really can't look at your little empty shelf
A ragged teddy bear
It feels like we never had a chance
Don't look me in the eye We lay in each others arms
But the room is just an empty space
I guess we've lived it out
Something in the air
We smiled to fast then can't think of a thing to say Lived with the best times
Left with the worst
I've danced with you too long
Nothing left to save
Let's take what we can
I know you hold your head up high
We've raced for the last time
A place of no return
And there's is something in the air
Something in my eye
I've dance with you too long (yeah)
Something in the air
Something in my eye Abracadoo, I loose you
We can't avoid the clash
The big mistake
Now we're gonna pay and pay
The sentence of our lives
Can't believe I'm asking you to go We used what we could
To get the things we want
But we lost each other on the way
I guess you know I never wanted anyone more than you
Lived all our best times
Left with the worst
I've danced with you to long
Say what you will
There's something in the air
Raced for the last time
Well I know you'll hold your head up high
But it's nothing we have to say
There's nothing in our eyes But there's something in the air
Something in my eye

I've danced with you too long
There's something I have to say
There's something in the air
Something in my eye
Do do do do
Do do do do
I've danced with you too long
Do do do do
Do do do do
Danced with you too long
Do do
Danced with you too long
Something in the air
Something in the air
Do do do do
Do do do do
