Board Up the House

Baroness

Take me away from the ocean, Ive already gone away
Im already goneTake me up north to the blue grass, horse-meat and pharmacies
Im already goneBoard up the house!
Hide your boys and girls!
Board up the house!
Hide your boys and girls!We wanted the best for our sweet little September castaway
Im already goneShes floating in acetone, covered in bruises and common colds
Im already goneBoard up the house!
Hide your boys and girls!
Board up the house!
Hide your boys and girls!Board up the house!
Board up the house!
Board up the house!
Board up the house!
Board up!Hide your boys and. . .
Hide your girls and. . .
Hide your. . .
