She Wolf

Blitzkid

She Wolf, she came around
One winter to my town
She hid her fangs so well.
No presence of a tail.She Wolf, she made me feel
Dimensions so unreal
She Wolf had open eyes
She Wolf gave wily sighsShe Wolf!Some Winters bring aloud
Soft panting
Soft ghost howls
She circles round' outside
My heartbeat in her strideShe Wolf is gone for sure
Once on twos, back on fours
Still living with this scar
I wonder where you are.....She Wolf!
