## Musiq Soulchild

Hey, hey come  
Come  
Hmm  
Ohh, ohh, ohh, ohh  
La la hmm, hmm  
Ho, ho, ho, ho, ho, ho, ho, ho, ho home All this time we've been wastin' baby  
And you've been playin' baby  
Sendin' me all, all these signs  
But never, never sayin' a word  
See now I, I'm not tryin' to figure you out  
So how 'bout you tell me what you wanna do?  
So I can give you all you want  
If you just say it, so say it baby I can understand if you're not ready  
If you need me to be patient  
Then I'm cool with waitin'  
We can take our time girl, lets get it right  
Make it last forever, not just for one night Girl, forgive me if I come across to forward baby  
And if I offended you in any way baby  
See I just wanna get next to you  
'Cuz being closer makes it better  
When I get to know you baby  
Tell me how am I suppose to do that when you  
Keep leadin' me on and you keep pushin' me away  
When all along I know, yes I do  
That you really want me to stay baby, oooh I can understand if you're not ready  
If you need me to be patient  
Then I'm cool with waitin'  
We can take our time girl, lets get it right  
Make it last forever, not just for one night I can understand if you're not ready  
If you need me to be patient, yeah  
Then I'm cool with waitin'  
We can take our time, lets get it right  
Make it last forever, and not just for one night, woo Look baby, I know that you want me  
'Cause I could feel that you need me  
But you seem to be just a little afraid  
That cools, its okay, it's alright  
'Cause I want you baby  
I mean, I really want you baby  
But if you need some time

I'm willin' to wait just as long as you know  
That I want you girl  
But only if you say its okay, alright  
'Cause I want you, but I want you to want me too  
I want you to want me just as bad as I want you  
'Cause I can understand baby if you're not ready  
And if you need me to be patient wit you  
I'll take my time with you baby  
I'll take my time as much time as you need so we can get this  
Thing right girl and make it last forever  
'Cause I don't want you to feel I'm here for now and  
Gonna be gone tomorrow  
I want this to be the beginning of a beautiful relationship  
Do you feel that baby, I mean can you understand that, that's real  
That's from my heart because I love you
