Media Machine

Rob Rock

Headlines, staring in your face, trying to catch your eye
Question, words upon the page only criticizeSpeculation dramatizedMedia Machine
It's an evil in disguise
Media Machine
Your privacy denied
Media MachineDeception, an angle on the scene selling magazines
Perception, revealing what to see on your TV screenRich and famous pay the priceMedia Machine
It's an evil in disguise
Media Machine
Your privacy denied
Media Machine
Reputation on the line
Media Machine
The public will decidePut on a spin and open wide
Sympathy or victimizeMedia Machine
Expose the darkest side
Media Machine
Manipulate the lines
Media Machine
Investigate the crime
Media Machine
Discretion left behind
Media Machine
You've seen it all before
Media Machine
Still you want some more
Yea, eat it up!
