Sex Music

Lil Ceaser

Intro:
If you sexy and you know it
And you sexy and you show it
Lemme see you get your hands in the air
If you sexy and you know it
And you sexy and you show it
Just wave em' like you just don't care
Verse 1:
We don't need no clothes for this
They be on the floor for this
All up on the pole for this
Dropping down low for this
All up on the side with this
All between her thighs with this
Imagine how she ride with this
Wait 'til I'm inside with this oh, oh
I know it's turning you on, on
Didn't think it take us this long, long
To have our bodies going crazy to the beat of this song, oh
Chorus:
We get it on, ah ah all night long
To this sex music, sex music
Don't stop, that's it, right there, that's my shit
To this sex music, sex music
Verse 2:
We got plenty time for this
All that's on my mind for this
All day on the grind for this
Ima make you mine to this
Patron and a lime with this

Hope you get right to this
'Gon and close your eyes to this
Love the way you bite your lip
I know it's turning you on, on
Didn't think it take us this long, long
To have our bodies going crazy to the beat of this song, oh no
Chorus:
We get it on, ah ah all night long

To this sex music, sex music
Don't stop, that's it, right there, that's my shit
To this sex music, sex music
Verse 3:
Gurl I love your birthday suit
Sho' looks good on you
I just wanna lick you from head to toe
Ima having you screaming oh, oh
Baby take this ride,
Got me gased up all night
Push the petal down to the flo'
Wit that sex music on the radio
Chorus
We get it on, ah ah all night long
To this sex music, sex music
Don't stop, that's it, right there, that's my shit
Sex music, sex music
Sex, sex, sex music (oh oh oh)
Sex, sex, sex music (oh, ah, oh)
