

# Pretty Boy

[Randy Newman](#)

Have we got a tough guy here?  
Have we got a tough guy from the street?  
And he looks just like that dancing wop  
In those movies that we've seen  
With his cute little chicken shit boots on  
And his cute little chicken shit hat  
And his cute little chicken shit girlfriends  
Ridin' along in back  
What's been happening with you boys?  
Are you having a nice time on your trip?  
All the way from Jersey City  
And you look pretty as a picture  
Please don't hurt no one tonight  
Please don't break no woman's heart  
How 'bout it, you little prick?  
How 'bout it?  
Hope we're gonna get the chance  
To show you 'round  
Hope we're gonna get the chance  
To show you 'round  
Talk tough to me,  
Pretty Boy Tell us all about the mean streets of home  
Talk tough to me
